GOODWILL INDUSTRIES makes it easier for people to donate articles for use by the handicapped by installing collection boxes. One such box has been placed in the parking lot of the Frankfort State Bank by Paul E. Betourne, Kankakee, Goodwill representative in the area extending from Kankakee north to U.S. 30. The boxes are 42 x 49 inches and six feet tall. Last week he installed one in the Economy Food Mart parking lot at New Lenox and one in Frankfort. If you want a bag to hold the articles you want to donate they are available at the box. Such a bag is being displayed here by Mrs. Vernon Fink, 330 Oregon st., Frankfort. Those who have articles too large for the box can arrange for a pickup. The Goodwill Industries can use clothing, appliances and household furnishings that can be rehabilitated by the handicapped.

Proposed Apartment Project May Bring Master Plan Revision

Zone or not zone for multiple family dwellings is a topic now subject to debate at Frankfort and it is not likely to be settled in any rush.

At its regular meeting Monday night the Frankfort village board took no action on a recommendation of the zoning board of appeals that certain lots in Connecticut Hills be reclassified from a single family type of residence to an R-3 which would permit erection of apartment buildings. Instead it voted to make further study of the question at a joint meeting with the plan commission and zoning board. Board members also hope to have the professional city planners present who drew up a master plan for the Frankfort and Mokena area.

The board believes that this plan should be brought up to date thru necessary revision. Anyone who heard Dr. Harold Mayer, noted geographer, discuss the future of the area at a meeting with the Lincoln-Way high school advisory site committee Jan. 27, the Frankfort trustees agreed, would be remiss not to get a comprehensive master plan for their community if they now lack one and keep same revised and up to date if one is at hand.

At a meeting of the zoning board of appeals last Thursday night homeowners in Connecticut Hills appeared to protest the petition of the A.T. McIntosh Co., realtors who own all of the land in Connecticut Hills except for the parcels where homes have been built.

If McIntosh succeeds in getting some lots along U.S. 30,

(west of the main entrance into the subdivision) rezoned R-3, Crestline Construction Co. of Mokena is prepared to erect three apartment buildings of four units each, it was stated. Three of the units would have two bedrooms and one unit one bedroom, it was explained, and pictures were submitted which indicate the buildings would be of pleasing appearance. The principal in Crestline, it was stated, are George Helgersen, who has built some apartments at Mokena, Peter Riteroff and George Schon, all of Mokena.

At the zoning board hearing Attorney August Santoro, appearing for the objectors, stressed the point that when these people purchased homes or homesites in Connecticut Hills they were allegedly assured that it would remain a single-family dwelling area. "The Illinois supreme court," said Santoro, "has made a ruling which I quote, 'A person who purchases property after a zoning ordinance is in effect has a right to assume that the classification then existing will not be changed except as the public good requires.'"

Santoro stressed this point again when he appeared before the village board Monday night. He was accompanied by all of the owners of homes who are united in protesting the apartment buildings, they declared.

Santoro told the village board that he could not see the building of these apartments in the proposed location as a contribution to the public good, as

stated by the high court.

He believed that the presence of apartment buildings in Connecticut Hills would depreciate the value of homes there, a belief also expressed by the homeowners in their remarks to the village board.

They also made capital of the fact that at the zoning hearing it was stated that the apartment buildings would have a value of \$50,000. They claim that four single-family dwellings of the type found in Connecticut Hills would have a value of \$80,000.

It was said that the apartments would rent for from \$115 to \$135 dollars a month. The builders point out that apartment dwellers usually fell into two broad classes, newlyweds and older people whose families have grown and left. The young couples usually buy a home or rent a house when the children start coming along, they claim, so that apartments do not add materially to the school population.

Charles Howland, representing A.T. McIntosh Co. agreed with Village Attorney A. H. Krusemark when the latter said it was too bad that provision had not been made for multiple dwellings when tracts were set aside for business and commerce and residential areas when the subdivision plans were drawn up.

"It is difficult to provide for everything," Howland said. "One usually has to feel his way along and make changes as the need arises."

It was the apparent belief of objectors, village board members and everyone involved that eventually apartments would be erected in the area, that the growth of the area expected to follow completion of federal highway 80, plus any industry persuaded to locate here will necessitate a great growth in housing construction and it is accepted that apartments will be included.

The village board believes that the master plan for the community should be revised so the growth may be guided and channeled properly. It could be, it was pointed out, that planners would recommend that multiple dwelling be placed in various locations, including Connecticut Hills, or they might recommend to restrict them to certain and limited areas.

The village board is to meet with the plan commission, the zoning board and the planners as soon as a meeting can be arranged. It is the feeling of the board to proceed slowly to avoid mistakes.

If it is decided to revise the master plan and adopt the necessary ordinances such a step would require plus revision of construction codes it could be weeks or months before the question is finally decided.

The board told Attorney Santoro that he and his clients would be notified when the board was ready to decide the specific apartment project in which they are interested.

Loss At Frankfort Mushroom Plant Fire Set At \$190,000

A spectacular fire swept the mushroom production unit operated by Bogdan Brothers, Inc. on S. Locust st., on the southwestern edge of Frankfort early Sunday morning, leaving five persons homeless and causing damage estimated at \$190,000.

Frankfort Fire Chief Fred Kohlhausen said that the adjusters came out Monday and the place was declared a total loss. The building, of frame construction, was 210 feet in length and 60 feet in width. It was estimated that the loss to the building was \$150,000 and the contents, which included machinery, air compressors and the furnishings of the two apartments, one at either end, totaled another \$40,000.

The chief said that it was difficult to get water into the building because the units were filled with trays, about eight feet wide that rose from near the floor to the ceiling. The mushrooms are grown in these trays.

Something that went wrong with the electrical wiring is believed to have been the cause of the disastrous blaze, Chief Kohlhausen said.

Some 75 firemen from Frankfort, Mokena and New Lenox fought the blaze and one of the men Carl G. Carlson, 29, of 110 Beverly Blvd., New Lenox, was injured when he fell from a ladder for a distance of about 15 feet.

The fire broke out around 3 o'clock Sunday morning. One of the apartments was occupied by Alois Bogdan, 62, who operates the farm. His wife Jeanette, 60, was not home at the time having gone to Holiday Inn, near Troy west of Joliet, on Saturday night. Holiday Inn is operated by their sons, Gene, of 402 Sherman st., and Ted, formerly of New Lenox who now lives in Timberline, west of Joliet.

The father was roused by one of three employees who occupied the apartment at the other end of the building, who had been awakened by the smoke. The three men, Epifanio Huerrero, 45, Jesus Meza, 50, and Erasmo Hernandez, 45, lost all their belongings in the fire and took refuge with friends on Meeker ave., in Joliet. The Bogdans are temporarily residing at Holiday Inn.

Gene Bogdan was quoted as saying that it was too early yet to say whether the mushroom business will be resumed. The present plant, he said, was built in 1939 after fire had destroyed the original plant a year earlier.

The telephone wires were burned and the occupants of the building were unable to turn in an alarm. One of the Frankfort firemen, William Batson, chanced to see the blaze and turned in an alarm at 3:20. When the Frankfort department arrived at the scene

two of the units in the production plant were practically destroyed and the fire was spreading rapidly.

A thousand feet of hose was laid, Chief Kohlhausen said, connection being made with a hydrant by the Superior Match Co. plant across the road. He called the Mokena and New Lenox departments and both responded immediately.

The New Lenox fireman, Carlson, is the Standard Oil agent and fuel oil distributor in that village. He had mounted a ladder to warn other firemen that the blaze had started up again on the second floor. As he neared the top he slipped on an ice coated rung and fell to the ground. Taken to the Hedges Clinic he was treated for in-

juries to his ribs, wrist and hip. Later he was taken to Silver Cross hospital for x-rays. He escaped any fractures but has severe bruises and a sprain.

Despite the lateness of the hour the fire attracted many spectators. New Lenox firemen said they could see the flames when they left their engine house six miles away.

Chief Kohlhausen directed the fighting the blaze assisted by Chief Robert Rust, of Mokena, and Chief Otto Bormet, of New Lenox.

The fire was brought under control around 4 o'clock, according to Chief Kohlhausen, but it was 9:30 Sunday morning before the last crew left the scene.

There is insurance.

Basic State Aid Claims Set For Schools Of Area

Basic claims for state aid to area school districts have been certified by State Supt. Ray Page, forming a small portion of the \$193,252,241 earmarked for the state as a whole.

The basic claims are computed from pupil attendance records for the first calendar month of the 1963-64 school year. Page pointed out that the claims will be subject to amendment when the actual attendance figure are available at the close of the school year. Each district in the state must submit its totals.

Included in the certified amount for the state as a whole are two supplemental claims resulting from legislation enacted by the 73rd general assembly. These are the summer school state aid claims amounting to \$810,261 and

claims for the revision of state aid special equalization as a result of court decisions affecting assessed valuations amounting to \$290,340.

The amount of claims certified for Will county schools totals \$3,882,560 with Joliet grade schools getting the greatest amount, \$1,023,174.

The amounts certified to area schools are: New Lenox, \$176,311. Mokena, \$70,256. Summit Hill, \$45,088. Frankfort, \$37,824. Lincoln-Way H.S., \$32,369. Ann Rutledge, \$22,285. Homer, \$20,395. Manhattan, \$20,287.

Crete-Monee unit district is certified for \$506,442 and Peotone for \$91,137. Joliet township high school's share is \$127,959. The smallest amount, \$1,850 is for Wheatland.

Lincoln-Way Quint Drops Game To Mustangs, 63-50

BY GREGG FANT

The second time around and Lincoln-Way bowed again to the Mustangs of Evergreen Park. In a Southwest Suburban conference tilt last Friday night the Evergreens took the Knights 63 to 50 on the Mustang court.

In the first round of the season the two teams battled at Lincoln-Way and Evergreens finally triumphed 51 to 50.

In last Friday's game the Parkers appeared to be much improved—at least they were controlling the ball and hitting fairly well.

That the Mustangs were in control of the ball most of the time was evident from the fact that they took 78 shots in the course of the game. Since around 50 is usually par in high school the fact that Evergreen Park had 78 chances from the floor indicated that they were having a good night. Their passing was good and their rebounding excellent. Their play at the boards sometimes gave them two and three shots. If their shooting eyes had been as sharp as their board play the score would have been much higher.

In the first half, however, it was a close contest and could have been anybody's ball game. Lincoln-Way was trailing at half time but only by three points, 31 to 28. In the first quarter Evergreen Park scored 17 points to Lincoln-Way's 13 but in the second frame the Knights counted 15 tallies to the Mustangs' 14.

But when the second half opened Evergreen began a pressing game and Lincoln-Way was unable to cope with it. The Knights scored but nine points in the third period to 16 for their foes.

The Knights counted 13 times in the final quarter but the Mustangs racked up 16 again to make a total of 63 to 50 for the Knights.

Al Hodge was high point man for the Lincoln-Ways with 15 and Howard Grimes was next

with 14. Bill Wendeling, of the Mustangs, was high point man for the game with 16.

Tomorrow night the Spartans of Oak Lawn will invade Lincoln-Way territory. The varsity game will start around 8 o'clock, the frosh-soph contest beginning at 6:30.

Carl Sandburg lost to Homewood-Flossmoor last week 74 to 70. The defeat was practically a farewell to any hopes the Eagles held of getting a piece of the title. They have lost two conference games. The Vikings of Homewood have been unbeaten in league play. Rich East is next in the standings.

TROPHY WINNERS in the Lincoln-Way F.F.A. chapter are (l.-r.) Don Smego, junior and a two-year winner; Barry Brown, senior and a three-year winner; and Otto Heisner, junior and a one-year winner. (Wayne Sutton photo)

Mokena C. Of C. Launches Teen Employment Service

An employment agency to serve teens is being set up by the Mokena Chamber of Commerce as a part of its community service program of the current year.

Business houses and individuals who have part time work for teenagers are asked to apprise the Chamber of Commerce employment service of the fact. Teenagers who want part time work may register there, setting forth the kind of jobs they are seeking.

Fred Lehmann, executive secretary of the Chamber, will have charge of this employment service. The Chamber office is at 11003 Front st. and the telephone number is 479-9775.

The Chamber also is operating a calendar designed to eliminate conflicts in dates for public affairs. Clubs, churches and other organizations planning affairs to which the general public is invited are beginning to make use of the calendar. Mr. Lehmann reported, and he expects it to become increasingly popular.

The Mokena C. of C. is to have its annual spring dinner in March. Members may bring their spouses and also invite other guests. The affair is to be held at the Prestwick Country club.

Arrest Three As Result Of Restaurant Break-in

Three persons have been arrested in connection with the break-in at the Cook restaurant, Wolf road, Mokena, that took place in the early morning hours of Jan. 28.

Two of them, David Hall, 20, Mokena, and Joseph Miller, 18, New Lenox, are in the Will county jail because of being unable to post bonds of \$2,000 each.

Their companion, Kenneth Renfro, 28, Joliet, a brother-in-law of Hall who insists that he was asleep in the car and did not enter the restaurant, is at liberty on bonds.

All three are charged with theft.

According to Mokena Police Chief Roy Newton and Lt. John Shelly, chief investigator for the sheriff's office, Hall and Miller admitted kicking the glass out of a door leading into the restaurant and ransacking the place. They smashed the juke box, cigaret machine and pinball machine in their search for money and also broke a soft drink cooler and a glass case used to hold bakery goods. They also broke out a window in the side of the building. In all the damage was estimated at some \$3,000. The pair also

ripped a pay phone off the wall to get the coins but profess not to know where they threw it away.

Hall and Miller told investigators they did not know why they decided to break in the place, claiming they were drunk at the time. Renfro also claimed to have been drinking and declared he remained in the car.

Police Commissioner Gary Chase said that Hall and Miller told their questioners that they entered the restaurant the first time about 2 o'clock and came back and re-entered the place a couple of times.

They were riding in a car driven by Miller and apparently a portion of their time was spent in visiting late blooming gasoline stations to buy transmission oil. The stuff apparently leaked out rapidly because next day police were able to trace their movements fairly well. The car was seen in front of Hall's home at 6 o'clock the morning of Jan. 28 with the engine still running, police said.

If indicted, tried and found guilty of theft the defendants could be sentenced to one to four years in the penitentiary.

Drainage Dist. Aids Frankfort Grade School

The Frankfort grade school has a new overhead projector for use in its visual education classes as a result of a gift from a former drainage project. The school district was given approximately \$200 from the "Open Ditch Account", it was reported by Supt. Leroy Olson, who expressed gratitude of the school for the gift.

The amount given the school was the balance in the drainage district treasury. The district is now defunct. Attempts to return the money to the original members was found to be impractical. So the money has lain idle for almost 15 years and had it not been given to some local organization it would have gone to the state, it was explained.

The former trustees of the drainage district, Clarence Waldvogel, August Schroeder and William Hansen and their agents decided the money should go to the school.

NEW OFFICERS for the operation of the Lincoln-Way F.F.A. chapter (second semester) are: seated, Jim Heisner, president; standing, left to right, Tom Heisner, reporter; Otto Heisner, treasurer; Rich Hoyt, vice president; Bob Bruns, sentinel; and Don Smego, secretary. (Wayne Sutton photo)

CSHS To Begin Year Late And Close School Early

The tradition of starting school at Carl Sandburg after Labor Day continues to be strong, and an increased interest in summer school means that parents want school

dismissed early in the spring. These are the conclusions of W.O. Fisher, superintendent, drawn from a recent survey of parents.

Based on the data obtained in the study, the board of education for District 230 has adopted a school calendar meeting both goals. The schedule calls for classes to begin on Sept. 8 with students being dismissed on June 10.

Usually Labor Day falls prior to Sept. 4. This year it comes as late as it can, Sept. 7. Because of the problem thus created the board instructed Supt. W.O. Fisher to ask help thru a questionnaire.

Eighteen hundred questionnaires were sent out offering three different calendars for consideration. Of these, 1,074, a response which Fisher called "excellent", were returned. More than half (58.7 per cent) favored the shorter version

calling for abbreviated holidays at Christmas and Easter. It is interesting to note, Fisher said, that the thinking of parents and teachers were almost precisely parallel.

As adopted by the board, the calendar calls for these shorter holidays both at Christmas and Easter.

The schedule set up by the board is:

Pre-school workshop, Sept. 2, 3, 4.

Classes begin (all students) Sept. 8.

Institute day (No school), Oct. 12.

Veterans' Day holiday, Nov. 11.

Thanksgiving holiday, Nov. 26 and 27.

Christmas vacation, Begins 4 p.m. Dec. 23, Ends 8 a.m. Jan. 4.

Lincoln's birthday holiday, Feb. 12.

Institute day (No school) March 15.

Easter vacation, Begins 4 p.m. April 15, Ends 8 a.m. April 20.

Last Day (students) June 10.

Last Day (teachers) June 11.

Commencement, June 13.

Summer school Begins, June 21.

Summer school Ends, Aug. 6.

Farmers Want To Know How To Make "No" Understand

"What do we farmers have to do to say 'no' to government handouts?"

That question is posed by William J. Kuhfuss, president of the Illinois Agricultural Association, the nation's largest state-wide Farm Bureau. Kuhfuss and eight members of the IAA board returned last week from a visit to Washington, D.C. where they talked to most of the Illinois members of Congress.

The IAA group reported that farm legislation may soon take a turn which should anger America's wheat farmers.

"It appears another attempt is being made to cram a wheat certificate plan down farmers' throats," Kuhfuss said.

Referring to a wheat bill which was reviewed earlier this week by the wheat subcommittee of the house of representatives agriculture committee, Kuhfuss said, "This is virtually the same scheme farmers turned down so decisively in the wheat referendum last May. What do we farmers have to do to say 'no' to government handouts?"

In Illinois, farmers turned down the wheat certificate plan

by a 2 to 1 vote last May 21. Asked who was responsible for the move to pass the bill, Kuhfuss answered, "I have been told on good authority that Secretary of Agriculture Orville Freeman is pushing the bill as his wheat legislation solution. This is hard to understand coming from a man who said farmers would see wheat prices tumble to \$1 a bushel if they didn't pass the referendum last spring. No such wheat price drop has come about. Secretary Freeman also said we'd get no new wheat legislation if the referendum failed but now he is pushing his wheat certificate plan again."

Kuhfuss said he found no sympathy for the wheat certificate legislation among the Illinois Democratic and Republican congressmen he visited. "Our congressmen realize Illinois farmers have spoken and they resent, as we do, this sneak attempt to overrule farmers

with a piece of legislation which denies the farmers their right of decision."

The certificate plan would virtually establish a four-price system for wheat. First, millers would be forced to pay farmers who comply with the program 70 cents above market value for each bushel of wheat used in domestic food production. This would result in a price jump for flour, bakery goods, and cake mixes.

Second farmers would get 25 cents above market price for each bushel of wheat exported. This payment would come from the federal treasury.

Third, the government would set a price support level and complying farmers would be eligible for this price support on wheat not moved into domestic food and export channels.

Fourth, the wheat crop of farmers who don't comply could be sold at feed prices.

Chicago Auto Show Will Run From Feb. 8 Thru 16

The automotive classic that has drawn greater attendance and has been held more times than any other in the world will be in residence at McCormick Place from Feb. 8 thru 16.

It's the \$25,000,000, 56th annual Chicago Automobile show, sponsored by the Chicago Automobile Trade Association and presenting the most comprehensive display of its kind anywhere -- over 450 individual U.S. passenger cars, trucks, import cars and competition cars; more than 50 institutional, parts, accessories and special exhibits; a twice-daily "Motorevue of 1964" stage presentation; scores of spectator participation features; continuous sound -- and -- color movies.

After the opening Saturday

(Feb. 8) when the public will be admitted at 1 p.m., show hours daily will be 11 a.m. to 11 p.m. Admission prices are the same as they have been for years -- \$1 for adults; 50 cents for children 12 and under, with no additional charge for the Motorevue or other special entertainment.

The Chicago Automobile Show has become a civic tradition with nationwide significance since the major manufacturers provide, costly, imaginative background displays as the setting for their latest creations. Also new car introductions as usual took place in late autumn, most of the manufacturers have added new models since which will be shown for the first time at McCormick Place.

The event has shattered attendance records repeatedly, with an all-time mark of 817,482 last February. Three shows at McCormick Place have drawn 2,330,855 while 14 renewals since 1950 have attracted an astronomical 7,677,301, figures that demonstrate the appeal of an established civic fixture that began back in 1901.

THE WORKING CLASSES
J. A. Ward

All of you no doubt have heard the old saying "The time to make Hay is while the sun shines". The time to make certain that you are with the right company - In the right job - with reasonable assurance of steady employment, is when BUSINESS IS BOOMING. This is the time to check the ADVANTAGES and DISADVANTAGES of your present job.

My experiences are that too many people doing nothing about improving their jobs until they are either replaced by automation or laid off due to lack of work or other reasons.

The ideal conditions under which to go looking for work -- is while you are still employed. With out slighting your work, or taking an unnecessary amount of time from job. Arrange as many interviews as possible after working hours or on week ends.

The best approach to finding this new job, is to work through a GOOD EMPLOYMENT SERVICE. That will understand your position and work with you in finding a job where your skills can best be used. In an area where you want to work. Generally there is no expense or obligation to you for this service.

Just last week I had a 47 year old accountant come to me who had suddenly been dismissed from his job, after spending some 10 years with the company. He was told that the companies economy program made this move necessary. As senior accountant this man must have known for some time that this economy move had to come, knowing this he should have been looking for a more secure job while still employed.

While looking for this more secure job -- Heres some pointers for you - Watch out for these companies with heavy Military or Government Contracts or those in the manufacture of highly seasonal products. Job Hopping is not a very popular stigma. But during these fast changing times - a little job Hopping can be the difference between steady employment or out looking for work.

Argoudelis Seeks GOP Post Of County Auditor

Filing of nomination petitions by John Zane Argoudelis, 36, of 2750 Essington rd., Plainfield township, puts two in the county auditor's race in the Republican primary April 14. The other candidate is Harold Smith, Frankfort township assessor.

This is the first time Argoudelis has sought a major elective office, altho he has been active in politics for many years. He is a precinct committeeman and one of the founders of the Plainfield township central committee. Two years ago he conducted a vigorous campaign for committeeman and won a write-in try against two opponents.

"The time has come for young people to take their place in our community and to serve their fellowmen," he stated. "I

pledge that if elected I will serve as a fulltime servant and will administer the office with the most competent staff available in the county."

Argoudelis has appointed Harry Grant, Jr., of Joliet, as the manager of his campaign, with George Loukas, Lockport, as co-chairman. Both are members of the Will county Republican central committee. Louis Lenard, a Joliet attorney, is treasurer and Samuel Chuk, a member of the Joliet city council, is publicity chairman.

Argoudelis attended the public grade schools and was graduated from Joliet township high school. He is a district sales representative and is also handling the books for two super-markets.

JOHN Z. ARGOUDELIS
(Matthews photo)

A member of All Saints Greek Orthodox church he is a member of the board of directors there and is otherwise active in parish affairs. He is a member of the Lions club, the Young Republicans, the Young American A.C., the Masonic lodge and kindred bodies including the Joliet Shrine club. Argoudelis is a past commander of Joliet Commandery No. 4, Knights Templar.

He and his wife, Stella, have four children, the three eldest being pupils in the Crystal Lawns school.

Sandburg Swimmers 2nd In Own Invitational Meet

BY JOHN HELQUIST

For the third year in a row the Carl Sandburg swim team placed second in their own invitational, this year being their closest finish, two points behind Riverside-Brookfield, the defending champions.

The action got underway Saturday (Feb. 1) in the Sandburg pool with the first event the 200 yard medley relay. The Eagle quartet entered in the race were Bill McNaughton, Chuck Compher, John Helquist, and Bob Hutchinson. At the end of the race four tenths of a second separated the first three teams, with Sandburg receiving third place with a time of 1:50.4.

Maine West took first with a time of 1:50.0, and Riverside-Brookfield placed second with a time of 1:50.2.

This type of finish occurred in most of the races throughout the day. The deciding factor in Riverside-Brookfield's victory were Bill Swano and John Scheada, each captured two events. Swano won the 200 and 400 yard free style and Scheada won the 50 and 100 yard free style.

Altho the Sandburg swimmers did not capture any events they usually finished in the top three to stay at the heels of Riverside-Brookfield. Second

place winners for Carl Sandburg were Terry Brazel in the 200 and 400 yard free style, Bob Hutchinson in the 100 yard free style, Ron Stebner in the 200 yard individual medley, Jeff Ferguson in the diving, and Bill McNaughton in the 100 yard backstroke.

The Sandburgs hopes were kept alive till the end of the meet. The Eagles needed a third place finish in the 200 yard medley relay but could salvage only a fourth place thereby giving Riverside-Brookfield a narrow 2 point victory margin.

Rounding out the Invitational was the crowning of the queen and the synchronized swimming exhibition. Before the start of the meet the queen, Kathy Cross escorted by captain Bill McNaughton, and her court Kathie Kalstrom and Karen Howard entered the pool and were seated.

The traditional synchronized swimming exhibition took place after the diving with the high-light being a solo by Terry Lindgren.

Sandburg Matmen Beat Homewood Outfit, 23-17

BY BILL HAUSKNECHT

The Sandburg wrestlers beat Homewood Flossmoor, 23 to 17 last Friday. The Eagles have a record of 3 wins and 2 losses. In conference meets they are 4 and 2.

Sandburg got off to a bad start when their 95 pounder was pinned in the first period and didn't win a match until Tom Osting, wrestling at 112 pounds,

beat his man 2 to 1. Roland Wolf won his match by a score of 4 to 0. He got a takedown in the first period, rode his man out in the second period and got a reversal in the third period.

At 127 pounds Bob Osting lost his match 1 to 0. John Capodice won his match 4 to 1. Sandburg lost the 138 pound match but came back with three wins in a row. At 145 pounds

Don Wilz won his match 4 to 3, and the Bulwos won their matches. Aaron, at 154 pounds, won 4 to 0 and Allen, at 165 pounds, won 5 to 0. Karl Pnasek, 180 pounds, lost a tough match by a score of 3 to 0. The match was closer than the score indicated.

In the second period and again in the third period there was a close decision which

greatly affected the final score.

The pressure was on Ed Apel, heavyweight, last Friday. The score was 18 to 17 Sandburg's favor but he had to win if Sandburg was to win the meet. He did more than win, he pinned his man in the first period with 46 seconds left. The final score was 23 to 17.

The sophomore team won 36 to 14.

HOMER NEWS

BY ELIZABETH ANDERSON

Among the 13 students from Lockport high who qualified as semi-finalists in the recent exams for state scholarships, were Bonita Clements and Rebecca White from Homer.

An announcement is being made by the Earl Hannas of Mokena, of the coming marriage of their daughter, Joan Marie, and Sgt. James Joseph Jungles, son of Mr. and Mrs. Joseph Jungles of 159th st., Homer twp. The ceremony will be at 11 o'clock, Feb. 8 at St. Mary's Catholic church, Mokena, with a reception that evening from 6 to 12 at Valley View Farm. Some invitations have been issued, but all relatives and friends are invited to both wedding and reception.

Both young people are graduates of Lockport high. Miss Hanna is presently employed at Argonne National Laboratory, while Sgt. Jungles is serving with the US army.

Mr. and Mrs. Sherman Walker, Sr., Chicago, are announcing the engagement of their daughter, Helen Linda, to Roger L. Habenicht, son of Mrs. Louis Habenicht of Hillcrest rd., Homer. Miss Walker is an employee at the Travellers Ins. Co., and Roger is stationed with the army at the Lemont Niki site.

The wedding date has not been set.

The new president, Mrs. Donald Aspel, presided at the well-attended meeting of the missionary society Thursday at Homer church. Committees were appointed and hostesses named for the coming year.

Several articles were brought to be given to a missionary family in Peru. Any one having clothing or household equipment for this purpose may bring them to the church during Feb. For clothing sizes or other information, call Mrs. Aspel.

Plans were made for serving lunch at the Robert Sheph-

er Sr. farm sale, which is scheduled for Feb. 22.

Tentative plans were discussed for a spring bake sale at Bump's Service Station and also for a May breakfast.

The girls of Scout troop 175, with their leaders, Mrs. William Champoux and Mrs. Bernard Morris, held a "Fly-Up" and rededication ceremony at Homer church social rooms recently, which was outstanding. Five girls received "Fly-Up" wings and scout pins and were promoted to junior scout level. The other seven girls were rededicated in a candlelight ceremony.

Music and refreshments were enjoyed and the leaders wish to thank the committee mothers who helped with the arrangements.

Rev. Cox was an invited guest. This group meets regularly in the school building on the church property.

An Ash Wednesday service for youth will be held at 8 o'clock the morning of Feb. 12 for all children of the Lockport area Protestant churches. The meeting will be at Lockport Methodist church.

The first united Lenten Sunday evening service will be held at the Covenant church, Lockport, Feb. 16.

The regular schedule of Homer church includes Sunday school at 9:30 a.m. each Sunday morning, followed by worship service at 10:45.

Choir rehearsal is at 7:30 p.m. each Wednesday and confirmation class at 3:30 each Wednesday. Jr. Hyers meet on alternate Friday evenings and Pilgrim fellowship on alternate Sunday evenings.

George Lashey of Ohio spent several days recently, with his granddaughter, Mrs. Stanley Cox and family.

sidents, were business visitors here last Saturday.

Dinner guests in the Bruce Anderson home last Sunday were Mr. and Mrs. Stuart Vanderbilt of Peotone, Mr. and Mrs. Leonard Bergseth and Miss Kathy of Lockport and John Hallis of Homer.
